ABOUT US

As a company, **MH Interior and Architectural** prefer a collaborative approach to design that encourages our clients to develop and hone their own style and taste. We have been one of the “Leading architects and interior designing firms in Bareilly Uttar Pradesh since 2014”. With over **9 years of experience**, we completed is **100+ PROJECTS** across India.

We provide value to our clients by discouraging short-lived trends, opting for quality and timelessness. The final design ensures our clients a beautiful, comfortable, and most importantly functional space.

Our professional and talented design team will discuss and finalize the way we have to develop the designing concept of each and every part of the architectural designs, interior designs, and constructions according to the client’s requirements, taste, and proposed budget which we have collected from the first client meeting. We are the one that provides a lot of packages in interior & construction as per the client budgets (Low, Medium, High).

For each project, our one creative team will be working under the direction of one creative head and the team includes the **supervisor, Interior Designer, Junior Engineer, Civil Engineer, and Project Manager**.

OUR VISION

To achieve sustainable excellence in service with a safe environment and quality. We ensure satisfaction with the minutest detail and also a strong emphasis on the aesthetic elements in the project’s design.

OUR MISSION

We are committed to providing creative solutions to all areas of architecture, construction, and interior design contract work with an unparalleled level of service and quality irrespective of the magnitude of the projects undertaken. Our professional and creative team will be engaged with you to get you the final result by combining your tastes, budgets, and time with our design concepts.

For Interior &
Construction Projects**

ARCHITECTURAL DESIGNING

All fine architectural values are human values and else not valuable Architecture is a visual art & the building speaks for itself.

There are **three classes** of people:

- those who see.
- Those who see when they are shown.
- Those who do not see.

We know the price of success dedication, hard work & an unremitting devotion to the things you want to see happen. A great building must begin with the unmeasurable, must go through measurable means when it is being designed & in the end must be unmeasurable.

About Architecture

OUR SERVICES

► ARCHITECTURAL DESIGNING

An architectural designer is a person that is involved in the design of buildings or urban land scopes. Architectural designer have skills similar to architects

► STRUCTURAL DESIGNING

MH Interior and Architectural investing in new structural detailing solutions that support a wider range of modeling improved team collaboration & user productivity

► 3D MODELING

3D Models represent a physical body using a collection of points in 3D space, connected by various geometric entities such as triangles, lines, curved surfaces etc. 3D Models are widely used any where in 3D Graphics

► PLAN AND ESTIMATIONS

Plan is typically any diagram or list of steps with timing & resources, used to achieve an objective. Estimation is often done by Sampling, which is counting a small number of examples something, Projecting that number into a larger population. We are providing plans & Detailed estimations with ISO Certification and rules.

INTERIOR DESIGNING

“Buildings are an amalgamation of spaces that evoke Feelings, emotions & Memories”

The challenge of interior design is to create spaces that are integral to the building’s fabric whilst encouraging movement in, around & through individual spaces, to create a lasting impression. The beauty of the interior design is that it can be temporary or permanent our experience in space planning, color materials, Lighting, Furniture & intricate detailing, enables us to change the appearance & Function of any space, within an agreed budget.

MH Interior and Architectural to have their own Factory and most modern machines.
